

PRESS RELEASE - MAZDA MOTOR EUROPE

Mazda announces CX-5 diesel sales start in North America

Leverkusen, 17 April 2019. Mazda announced today at the 2019 New York International Auto Show the arrival of the 2019 Mazda CX-5 featuring the Skyactiv-D 2.2-liter diesel engine with pre-sales beginning immediately.

Mazda Skyactiv-D diesel engines are well-known for an excellent balance of driving pleasure, high torque, fuel economy and environmental friendliness. Combining these advantages the Skyactiv-D 2.2-litre engine addresses unique needs of customers in North America who are higher-mileage drivers and seek rugged power through low-end torque to carry heavy loads.

Mazda worked closely with all proper federal and state agencies to ensure that the Mazda Skyactiv-D 2.2-litre engine meets the region's strict emission standards and passes all appropriate regulations.
